TAKE NOTE

- All students (except Nature Management, Hairdressing, IT Engineering) must complete a computer competency test (R500). Should the student not pass with 70%, they must complete the ICDL programme (R2 625)
- Some programmes require WIL (work integrated learning) that is done off campus. Where it is required that lecturers visit students to monitor their progress, costs for visits up to 400 km from CA, are included in the programme fees. Should the distance be more, additional traveling costs will be added to the students account as per AA tariffs.
