

Information Sheet

Short Programme in Introduction to Photography

About the short programme

This programme offers a structured approach to learning how to use your camera as well as capture the perfect photograph. If your passion is photography and you need help with technical settings and creative thinking, this course is definitely for you!

Who should attend this programme

- Anyone who wants to learn how to use their camera
- Anyone who wants to learn to think more creatively when taking photographs
- Anyone who would like to learn about what rules to apply when taking photographs in different fields of photography

Admission Requirements

- At least 16 years of age
- Learner to have their own camera
- (Lecturer may request to see the camera before enrolling)
